1. Since my telephone conversation with [REDACTED] I have reviewed this file. I have nothing to add to what we have told the requestor.

STAT

2. The DCID's are under review. This review will not be slowed or speeded up because of his inquiry.

3. When the DCID's have all been reviewed, they will be classified as a series. I have the DCI's approval in advance to do this, but this has not yet been promulgated, and it remains none of his business. He has what he is entitled to at this time. When the time is ripe, he'll be told that the DCID series is not releasable.
